

SARIMA CONFERENCE 2020

IMPORTANT UPDATE

We are excited to announce that the 2020 SARIMA Conference will be held as a Virtual Conference from 4 to 6 August 2020!

SARIMA is committed to continue with the planning of the conference programme during the ongoing uncertainty around COVID-19.

We therefore look forward to the opportunity to host our First Virtual Conference, which will be managed on a conference management platform, and we aim to provide our stakeholders with the opportunity to connect, engage, network and share best practices in a different, but still interactive way!

It will also provide us with the opportunity to rethink our conventional way of conferencing, including innovative and creative online sessions that will push the boundaries of peer learning.

In due course, more information will be shared about the conference format, but in the meantime we can confirm that there will be a number of keynote presentations, structured sessions, panel discussions, workshops, and online networking opportunities.

We look forward to engaging with you over the next 3 months - and assure you of our continued commitment to serve and educate our community.

ABSTRACTS:

Now more than ever we encourage delegates to submit abstracts.

The closing date is 30 April 2020 and more information can be found on the conference website: www.sarimaconf.co.za – Abstracts

REGISTRATION RATES:

The Registration Rates will be launched on the conference website by **1 May 2020**, but we can share that it will be substantially reduced to accommodate as many delegates as possible.
