WWW.EARMACONFERENCE.COM

Dear Colleague,

Join EARMA for an action-packed and informative online extravaganza of research management and administration news, information and trends as part of the **EARMA Digital Conference 2021**.

This exciting five-day event takes place April 14, 15, 16, 19 and 20, 2021, and has an exceptional array of RMA experts who are ready to share their knowledge and experience with the attendees.

Signe Ratso, Deputy Director-General DG Research and Innovation, will provide a keynote address in a crucially informative session titled 'One week to go - Horizon Europe, Expectations and Novelties'. This session will be followed by a Q&A with the Deputy Director-General.

[Check out the interactive programme on the EARMA conference website for more details of this special schedule.](#)

EARMA is greatly looking forward to hosting you for this bigger and better virtual event. However, it won't be just a sharing of important ideas because the organisers have not forgotten the important social aspects! This includes various evening events with special guests, a quiz and wine-tasting on a brand-new social platform.

You can register to attend today [here](#).

Best regards,

Esther Philips
EARMA Chair
